## SUMMARY

- Candid | Curious | Can do
- **Product Enthusiast**
- Keen on working with startups
- Sense of **User Experience** and **Product Designing**
- Looking to work with **cutting-edge technologies**, increasing my skill base.

## EXPERIENCE

### WEBENGAGE | SOFTWARE ENGINEER

Jan 2016 – Present | Mumbai

- [WebEngage](#) is a multi-channel marketing and engagement automation tool.
- My role includes working with ReactJS, Vanilla JS and Sass (SCSS).

### TOWNSCRIPT | FULL-STACK DEVELOPER

May 2015 – Jan 2016 | Pune

- [Townscript](#) is India's easiest DIY event ticketing platform.
- **Stack and Utilities:** Hibernate + Spring / AngularJS + Bootstrap (SCSS)
- **Designed new infrastructure** at client-side and **revamped UI**, which resulted into 200% increase traffic, about 40% more sign-ups each month.
- Contributed ideas to the **design roadmap**, towards an **intuitive and uncluttered product**.

### BOX MY SPACE | FRONT-END DEVELOPER

Sept 2014 – Jan 2015

- [BoxMySpace](#) a Mumbai-based storage solution company.
- Contributed to product designing, was responsible for implementing basic wireframes to coding fully functional platform.

### PARALLEL LABS | INTERN

May 2014 – June 2014 | Bangalore

- Develop UI and Websites for [GoJavas](#), [Photovisi](#), [HDFC Life' Product](#)
- also Contributed to other ongoing projects: [Explara](#), [AreYouNuts](#)
- Worked on frameworks like Bootstrap, Foundation, JQuery UI, JQuery Mobile

Also contributed to [Tubett](#), [UFaber](#), [Themeefy](#), [BigBHK](#), [free Spirits](#), [Tipstat](#) etc.

## ADDITIONAL EXPERIENCE

- Have been teaching Math and Science to various students since the last 4-5 years.
- Always curious and interested in field of Science have participated in several national and international exams as NSO, IMO, etc.

## ACADEMIC PROJECTS

- Department Website With Database Facilities.
- Cloud App of MS Paint and some additional features.
- IRLCR Using Neural Classifiers
